**Item 2. Dissenters' Right of Appraisal**

In accordance with Sec. 80 of the Revised Corporation Code of the Philippines, any stockholder shall have the right to dissent and demand payment of the fair value of his shares in the following instances:

1. In case of an amendment to the Articles of Incorporation which has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence;
2. In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets as provided in the Revised Corporation Code;
3. In case of merger and consolidation; and
4. In case of investment of funds for any purpose other than the primary purpose of the corporation.

The procedure for the exercise by a dissenting stockholder of his appraisal right are as follows:

- a) A stockholder must have voted against the proposed corporate action in order to avail himself of the appraisal right.
- b) The dissenting stockholder shall make a written demand on the Company within 30 days after the date on which the vote was taken for payment for the fair value of his shares. The failure of the stockholder to make the demand within the 30-day period shall be deemed a waiver on his appraisal right.

- c) If the proposed corporate action is implemented or effected, the Company shall pay to such stockholder, upon surrender of corresponding certificate(s) of stock within 10 days after demanding payment for his shares, the fair value of the shareholder's shares in the Company as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of a merger, if such be the corporate action involved. Failure by the dissenting shareholder to surrender his shares within said 10-days period shall, at the option of the Company, terminate his appraisal rights.
- d) If within sixty (60) days from the date the corporate action was approved by the stockholders, the dissenting stockholder and the Company cannot agree on the fair value of the shares, it shall be appraised and determined by three (3) disinterested persons, one of whom shall be named by the stockholder, another by the Company and the third by the two (2) thus chosen.
- e) The findings of a majority of the appraisers shall be final, and their award shall be paid by the Company within thirty (30) days after such award is made. No payment shall be made to any dissenting stockholder unless the Company has unrestricted retained earnings in its books to cover such payment.
- f) Upon payment of the agreed or awarded price, the stockholder shall transfer his shares to the company.

Based on the foregoing, the Agenda for the 2024 Annual Stockholders' Meeting does not include any item which would entitle the shareholders to the exercise of their right of appraisal.

## **DIVIDEND POLICY**

The Company's Board is authorized to declare cash or stock dividends or a combination thereof. A cash dividend declaration requires the approval of the Board and no shareholder approval is necessary. A stock dividend declaration requires the approval of the Board and shareholders representing at least two-thirds of the Company's outstanding capital stock. Holders of outstanding shares on a dividend record date for such shares will be entitled to the full dividend declared without regard to any subsequent transfer of shares.

The Board of Directors has the power to fix and determine the amount to be reserved or provided for declaration and payment of dividends from the Company's unrestricted retained earnings. The amount of such dividends (either in cash, stocks or property) will depend on the corporation's profits, cash flow, capital expenditure, financial condition and other factors and will follow the SEC guidelines on determination of retained earnings available for dividend declaration. The existence of surplus profit is a condition precedent before a dividend can be declared. The surplus profits or income must be a bona fide income founded upon actual

earnings. Actual earnings or profits shall be the net income for the year based on Audited Financial Statements, adjusted for unrealized items, which are considered not available for dividend declaration. Taking into account the Hospital's cash flows, capital expenditure, investment objective and financial condition, at least 10% of the actual earnings or profits may be declared by the Board as dividends.

No dividends were issued this year because the hospital is not yet operational hence there is no unrestricted retained earnings.
